Sustainable Leadership Program 2015

---

Kufunda is inviting you to JOIN other young people from all over Zimbabwe into a six month programme where you will get a chance to share your story, dreams, Inspiration, grow more fully into your best self and supporting each other in developing clarity of your passion, and purpose in life, while at the same time learning skills for sustainability and community leadership. Not forgetting the FUN of walking this Adventurous Journey of a lifetime.

### What Is It?

The Kufunda Communiversity Leadership programme brings together young people like you from all over Zimbabwean communities and hosts them for a transformative leadership intensive at Kufunda Village. This programme gives you a chance to engage many aspects of sustainable living and community self-reliance, with an emphasis on ecological practices, personal development, collaborative governance, and leadership. The purpose of the programme is to create a space for you if you are READY and willing to bring change to your life and your community: A space where you can identify your dreams and explore your passion, and be well equipped to move towards these.

---

### More specifically, the programme will:

- Help you to take charge of your own destiny and life, expanding your sense of self, and of what is possible.
- Equip you with the necessary skills of sustainability and self-reliance to become a productive member of your community in the direction of your choice.
- Give you skills of community organising and facilitating processes of community engagement and mobilisation that you can put to use in any community, organisation or even business.

The programme is held by Kufunda Village overall – you will be joining and becoming a part of the daily life of the village. You will join the village structures as a way of learning through daily experience how one this particular learning village is organizing itself. The village also provides apprenticing opportunities, as you will chose a team to join for deeper practical learning in sustainability (herbs, farming, solar, etc.).

### The Four Main Areas of Focus are:

1. Personal development: Embark on a quest asking yourself deeply within ,”Who am I? What is my passion? What are my tools for my personal journey?”

2. Community development: Get a chance to Understand what is a community, and Skills for community engagement and Community led development;
3. Sustainable development : Get to explore ways of living healthy from what your environment could locally produce by practicing Permaculture, organic farming, eco-building, herbs, and renewable energy
4. Project Management: Become an Entrepreneur by learning how to turn your ideas and skills into a sustainable project.

### Who is this for?

**ARE YOU READY?** This is for anyone wanting to further their leadership, and who wish to create positive social change in their community and world. It is for people who are open to exploring themselves & their leadership more fully - who wish to understand their gifts and strengths as well as their weakness - so they can work more effectively. This programme builds the confidence, capacity and skill of young Zimbabweans LIKE YOU ☺
